Office of the Secretary
Federal Communications Commission

In the light of the upcoming "localism in broadcasting" hearing to be held here in San Antonio, TX on January 28, 2004 we are submitting this letter in support of ClearChannel Worldwide. We at the YMCA of Greater San Antonio are honored to have the volunteer participation and leadership of ClearChannel as a significant Partner in our Annual Support Campaign to benefit the children, teens and families who greatly need our programs and services. We are most appreciative of the willingness of Tom Glade (VP) and his efforts to enlist its radio, Outdoor advertising, and WOAI Television in our YMCA's efforts to tell San Antonio who we are and what we do.

ClearChannnel continues to go the extra mile in supporting this community and the invaluable work we do at the YMCA. This community support is also displayed by the willingness and dedication of ClearChannel employees like Lowry Mays (Chairman/CEO) who serves on our Board of Governors and Herb Hill (Treasurer) who serves on our Board of Directors. Both Lowry and Herb have faithfully volunteered their time, talents and treasurers on our Boards for several years. They have been an invaluable resource for us.

Please allow me to also mention Matari Jones (ClearChannel on-air personality / reporter). Matari has lent her talents to perform as Master of Ceremonies for our Annual Campaign Kick-off event for the past two years. There are several other ClearChannel employees who have supported our efforts.

We at the YMCA feel that ClearChannel should be recognized as a model corporate partner within our community. As we look forward to our future we greatly value our continuing relationship with ClearChannel. Together we will continue working to build strong kids, strong families and strong communities.

Sincerely,

Tony Penn
Director of Annual Support
